

Daniella & Renato looking classy in a black and red ensemble with Starro & Shana classic in black.

Jerusha, Meegan, Musa and Michaela looking stunning and rocking their individual outfits!

A REVIEW FROM *THE VIEW*

‘OUR MATRIC DANCE WAS BEYOND INCREDIBLE’

12 years a slave. That’s how a friend of mine once described school, she wasn’t wrong but after 12 years comes a celebration - a Matric Dance. It’s a tradition shared across the entire world in one way or another.

BESA’s matrics of 2019 were fortunate to have such a beautiful ball at *The View Wedding & Event Venue* in Kibler Park. The long stairs leading up to the venue had us all huffing and puffing on the way up, but it was like a metaphor – our long climb to freedom (well from school anyway).

But once at the top, splendid décor and charming lights awaited which, coupled with classic music, gave the venue an air of opulence – in fact it was nothing short of spectacular! Everyone was dressed to kill. The cuisine tasted as if Gordon Ramsey was in the kitchen encouraging his chefs to prepare dishes of absolute perfection. It was a night meant just for us and it certainly felt like it.

Special thanks to Mrs T Botha who organised the dance for us and who went out of her way to make it as special as it was. We love you ma’am.

- Jasmine Magua

The matric group of 2019 was always going to be a class for the record books. Our unique personalities, varying backgrounds and our creative ways of getting through school on a daily basis is what has made the past 5 years so memorable.

Our matric dance was beyond incredible. The venue, the atmosphere, the company and the food were all remarkable, and it is by far a night that I doubt any of us will forget for a very long time. A huge thank you to all the organisers and those that made the night beyond our wildest expectations.

It was most definitely a night that allowed us to leave high school with a bang. The class of 2019 will remain a part of my heart forever.
